

INTERAGENCY RECOVERY TASK FORCE

3 April 2012

9:00-12:00 CST Teleconference/Web Meeting

FINAL AGENDA

9:00 Welcome and Introductions

9:10 Review and Status of Operation Watershed Components:

- **2012 Flood Preparedness**
- **MR&T Post Flood Evaluation**
- **Repair/Restore Construction Schedules**
- **Regional Communication Plan**
- **Discussion**

10:30 State Perspectives

11:00 Federal Perspectives

11:30 Discussion

12:00 Adjourn

ATTACHMENT A

2012 FLOOD PREPAREDNESS REFERENCE GUIDE

ATTACHMENT B

MR&T POST FLOOD REPORT

ATTACHMENT C

COMPREHENSIVE PROJECT REFERENCE GUIDE FOR MVDs OW-R REPAIR/RESTORE

NOTE: Many of the estimated costs and schedules shown in the following tables are still being refined through ongoing efforts of engineering design, environmental compliance, real estate issues and consideration of multiple implementation strategies. The USACE is committed to driving down risk by delivering these repair/restore projects in the most efficient and effective manner possible. Therefore, our teams will continue to carefully evaluate and improve upon project designs and construction schedules.

The SCHEDULED projects in these tables have been financed through a combination of “Self Financing” (FCCE) and Disaster Relief Appropriations Act (MR&T-O&M-PL84-99).
