

Dear Mr. Keiser:

Thank you for your statement before the Mississippi River Commission during the public meeting held in Cairo, Illinois, on March 4, 2002. In your statement you requested that the Memphis District Corps of Engineers replace the culvert that passes through the Fritz Landing spur levee located near Ridgely, Tennessee, at mile 11 of the main line levee.

As you know, the staffs of the Commission and Memphis District met with you and other local interests at Fritz Landing on April 10, 2002, to discuss this matter. The Memphis District will coordinate the results of its investigation with you and other local interests.

The Commission appreciates receiving your views and will be pleased to hear from you at our future public meetings.

Sincerely,

Edwin J. Arnold, Jr.
Brigadier General, U.S. Army
President, Mississippi River
Commission
