SOUTHWEST COASTAL, LOUISIANA PROJECT OVERVIEW

9

Project Purpose

3,462 RESIDENTIAL STRUCTURES ELIGIBLE TO BE RAISED | **342** DRY FLOOD-PROOFING | **157** Localized Risk Reduction

The Project includes structures at or below the 2025- 25-year base flood elevation (BFE).

The Project recommends 3,462 residential structures will be considered for elevation equivalent to the 2075 100-year BFE. Qualifying residential structures will be raised approximately 5 feet on average, but no higher than 13 feet.

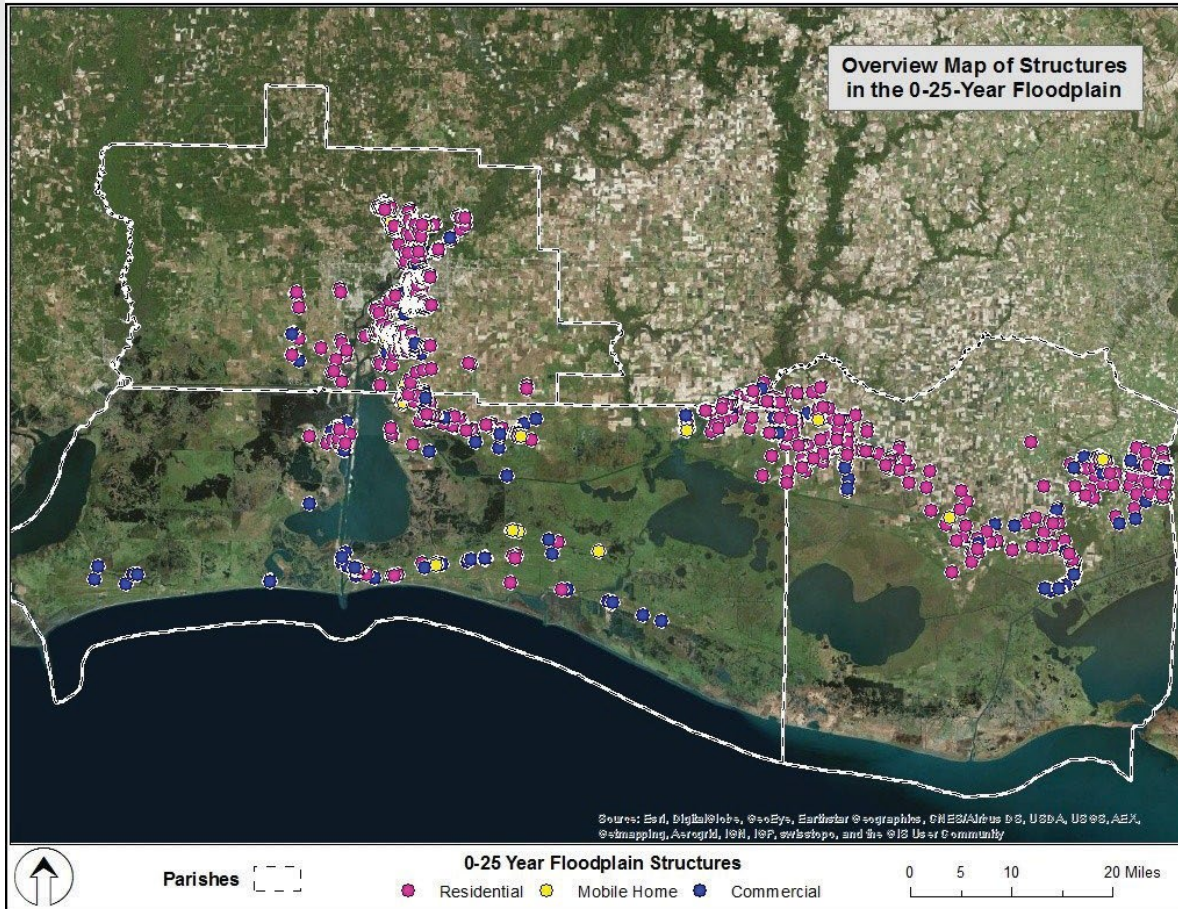

342 non-residential structures will be considered for dry flood-proofing to 3 feet above ground.

Localized risk reduction measures (constructing berms) for 157 warehouses will be considered less than or equal to 6 feet above the ground.

NEXT STEPS

- Available Appropriations for Construction = \$296M
- Project Partnership Agreement executed in June 2023.
- A&E Services support for screening and inspections anticipated award by January 2025.
- Design Build Contracts required by Authorization.

Location: Cameron, Calcasieu, and Vermilion Parishes

Small Business Program

The Rock Island District Small Business Program ensures that small businesses have the maximum practicable opportunity to participate in Rock Island District acquisitions through contracts or subcontracts. The District's program provides outreach to inform small businesses on how to do business with us.

The Program also provides advice and assistance to the Rock Island District workforce on all aspects of the Small Business Program. The involvement of small business concerns in our military and civil works programs is vital to the mission of the Army and to the nation's economic prosperity. Rock Island District is committed to developing small business concerns, providing procurement opportunities, training and counseling businesses for success, and establishing a broad base of capable suppliers to support the Army's mission.
